

Ebb & Flow Arts celebrates its 20th anniversary season with a multifaceted concert of new music featuring the **Ebb & Flow Ensemble**, comprised of Ignace Jang, violin; Sung Chan Chang, 'cello; and Robert Pollock, piano.

In the spirit of peaceful cooperation, Ebb & Flow Arts celebrates its ongoing musical cultural exchange with South Korea. Most recently, Dr. Shinhee Park, president of *Veritas Musicae* in Seoul, invited American composers Sarn Oliver, Peter Swanzy, William Anderson, and Robert Pollock to create short piano pieces based on Korean poetry, for performances in Korea and in Hawai'i. In exchange, E&FA commissioned Dr. Park to compose a work for solo violin.

The program will also feature works by Korean composers, including Eugene Lee's *Etude #3* for piano; Sun Young Park's *Heem* for violin, 'cello, and piano (she will be present); and world-renowned Isang Yun's *Konigliches Thema* for solo violin. Other works on the program include Maurice Ravel's ravishing *Sonata* for violin and 'cello; and *Trio* for violin, 'cello, and piano - the last work by iconic American composer, Henry Cowell.
